

# Membership Application

Thank you for addressing the ESC about membership.

As an umbrella organisation ESC is interested in getting more members, i.e. organisations under our umbrella. Being many will give a strong mandate to the Working Groups and the Board, and we will be able to speak with more power and get more influence.

We would like to welcome you as a member, but first you must fill out an application form so we can get to know each other a little more.

Please submit the form to the secretary [charlotte.esc@proton.me](mailto:charlotte.esc@proton.me). The Board will evaluate your application form and will come back to you.

If you want to become an individual member, please contact the secretary through the above mail address.
